

**The CCP does not include:**

- oil and gas development scenarios
- a preferred alternative

**Only Congress can:**

- designate wilderness
- designate wild rivers
- open the Refuge to oil and gas development

**The CCP includes:**

- a wilderness review
- a wild and scenic river review

**No manipulation of fish/wildlife populations or habitats**

**No public use facilities on Refuge lands**

**Out of 37 issues:**

- 9 addressed in the CCP
- 20 deferred to step-down plans

**A permit is still required for tent platforms in wilderness**

**NEW: A permit is now required for all temporary facilities in wilderness**

**Wild rivers:**

- user maximum will be established

**NEW: Number of visitors could be restricted**

**Subsistence opportunities continue**

**Public use/access essentially unchanged**

**ATVs still prohibited for recreation**

**NEW: Helicopters not allowed for recreation**
